

Southern Crafted Homes uses Freedman's because:

They have reasonable prices on items we use in our business daily.

We can rely on their deliveries when we need it ó not having to wait a week to receive needed supplies like other office supply stores.

When we need to buy items in bulk Freedman's can contact a supplier and negotiate costs for us.

The online ordering makes it fast and easy, especially when you have multiple offices to order for.

The staff is always friendly and professional.
